

5th International Symposium
Of the
Cancer Research Center of Lyon

7-9 February 2022 | Convention Center | Lyon, France

— Sponsoring and partnership file —

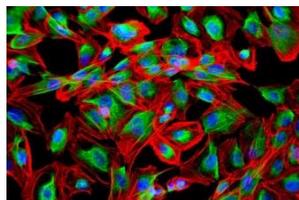

Synopsis

CRCL Overview p.3

The International Symposium of the CRCL p.4

Sponsorship opportunities p.6

Practical information p.7

I The CRCL

The Cancer Research Center of Lyon (CRCL) is a research structure created in January 2011 and is affiliated with to the Université Claude Bernard Lyon 1 (UCBL), two French research institutions, Inserm and CNRS, as well as two hospital partners, the Centre Léon Bérard (CLB) and the Hospices Civils of Lyon (HCL). Its activities are entirely dedicated to fundamental and applied cancer research. Our objectives are to facilitate the transfer of knowledge towards clinical applications, to develop teaching and training in oncology, and to increase the attractiveness and international recognition of our research cluster.

CRCL is structured around three scientific departments, encompassing 22+ research teams and 500 members. These research teams include numerous clinicians and hospital practitioners, who develop translational and clinical research in oncology in line with the fundamental research projects. The teams based at the CRCL are also in direct contact with the CLB, the Edouard Herriot hospital, the University of Lyon 1 and the IARC (International Agency for Research on Cancer), thus facilitating the vital interaction between research, hospitals, teaching and training.

Over the last few years the CRCL has been a foundation stone for the development of cancer research in Lyon, through the consecutive creation, in the framework of highly competitive national calls, of the “Laboratoire d'Excellence” DevWeCan (Investissement d'Avenir call for offers), focused on fundamental research at the interface between development and cancer, and of the LYriCAN (Integrated Cancer Research Site of Lyon), which aims at strengthening the links between clinical, translational and fundamental research. The support for both of these projects were renewed in 2018, and more recently CRCL successfully applied for a national call “Programme Institut Convergence” leading to the initiation of the multidisciplinary “PLASCAN” Institute.

10 million people Worldwide develop cancer each year. In France, with 800,000 new cases each year, cancer has become the leading cause of mortality, as illustrated by the death of 12,500 patients each year in the Auvergne Rhône Alpes region alone. This pathology thus constitutes one of the major social, economic, medical and scientific issues of our era

The CRCL International Symposium

Supporting the International Symposium of the CRCL is a unique opportunity in taking part of an event that attracts key players in the field of cancer research. The logo of your company will be advertised prior to and during the event, for optimal visual impact, on all of the symposium communications (See details page 8). Furthermore, our exhibition stand offers will enable you to present your products and services during the symposium. The organizers have once again privileged a central position for exhibition stands near the posters and dining area to encourage interactions with attendees.

The International Symposium of the CRCL represents:

600 Attendees

An international event

Renowned international speakers

20% foreign attendees

A beautiful venue

The Congress Center of Lyon, at the heart of the Cité internationale.

A great opportunity to interact

A central exhibition area to attract the attention of attendees, the Forum 4

They contributed to the success of our 2019 edition

Institutional partners

Aderly

CNRS

Sponsoring opportunities

SPONSORING OPPORTUNITIES	PLATINUM*	DIAMOND*
	10 000,00€ VAT INCLUDED (20%)	20 000,00 € VAT INCLUDED (20%)
Your logo on the Symposium web site	Logo on the sponsor's page	Logo on the home page and sponsor's page
Your logo on the abstract book cover	✓	✓
Number of full access passes (gala dinner included)	2	3

PLATINUM and DIAMOND respectively offers a booth of 4m² or 9m² and also an insert in the conference bags and an advertisement in the abstract book.

EXHIBITORS OFFERS	SMALL BOOTH	NORMAL BOOTH	IMAGE PARTNERSHIP
	1600,00 € VAT INCLUDED (20%)	3200,00 € VAT INCLUDED (20%)	3 700,00 € VAT INCLUDED (20%)
Exhibitor's pack ¹	4 m ² booth	9 m ² booth	9 m ² booth
Your logo on the Symposium web site and in the abstract book	✓	✓	✓
Number of full access passes	2	3	3
Bag insert ² or advertisement in the abstract book			✓

¹4m² booth comes with 1 table, 2 chairs and access to electricity. 9m² booth comes with 2 tables, 3 chairs and access to electricity.

²flyers or USB keys.

OTHER OPTIONS

- Insert in the conference bags (flyers or USB keys) : 900 €, VAT included (20%).
- Advertisement in the abstract book (A4 page, color print) : 1 500 €, VAT included (20%).
- Other partnerships : we would love to study any other form of partnership tailored to your needs and budget. Do not hesitate to contact us.
